Katrina,

See Kevin and Suzanne's response. You should contact Kevin and discuss your plans.

Barry, Are they wanting us to survey? They have about a month left in the active season so surveys would need to happen soon.

Barry,

I pretty buried right now with a bankruptcy claim, but I could try to track down answers if there something specific EPA needs from us. There is a lot of information on the ABB page on our website including information on surveys. I've added Kevin Stubbs, the lead for the ABB to the list.

https://www.fws.gov/southwest/es/oklahoma/ABB_Add_Info.htm

Thanks,
Suzanne

Suzanne,

Not sure if you're back from maternity leave yet, but I need some assistance. EPA is asking about Burying Beetle and surveying the Wilcox Oil site for them. They are planning to be working at the site this summer/fall.

Give me a shout when you get a chance.

Barry
